The copy filmed here has been reproduced thanks to the generosity of:

Thomas Fisher Rare Book Library,
University of Toronto Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Thomas Fisher Rare Book Library,
University of Toronto Library

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

NOTICE.

It is with great pleasure we present to the intelligent book-buyers of Canada this Catalogue of books a portion of the library of Mr. Frederick Broughton.

The Catalogue has been prepared carefully and the reader need be under no apprehension as to a too frequent use of the words scarce and rare, as they have not been lightly considered, but express, as well as our knowledge will allow us, the value of the works there described. Many of the books we have left blank in this particular which possibly are quite as much entitled to be described scarce.

Mr. Broughton has spent a great deal of valuable time in getting this collection together and has spared no expense in putting the volumes in good bindings, thereby preserving and enhancing the value of the collection.

The condition of the books throughout is all that could be desired, many are as originally published, with fine wide margins and uncut edges. We do not wish to create any impression that will not be borne out by the books themselves.

In conclusion we would express our thanks to Mr. L. Heyden for the use of several books of reference which have been of invaluable assistance in the preparation of the Catalogue. Messrs. Hunter, Rose & Co., for its excellent typographical appearance.

As only an actual inspection can convey an idea of the collection, it can be viewed at any time at No. 26 Church Street, and at Messrs. Macfarlane & Co.'s salerooms one week previous to the sale.

W. R. HAIGHT.
